Dear Colleagues!

**Sixth International Symposium,
"Invasion of Alien Species in Holarctic. Borok-VI",
to be held on October 11-15, 2021**

(depending on the number of participants the Symposium will be held either in Borok place, on the base of Papanin Institute for Biology of Inland Waters, Russian Academy of Sciences, Borok, Yaroslavl Oblast, Russia or in Uglich city, Yaroslavl Oblast, Russia)

International Symposium "INVASION OF ALIEN SPECIES IN HOLARCTIC: BOROK" was first organized 20 years ago and has become regular. In these years, the global problem of biological invasions of alien species is remaining topical for humankind.

Due to a large number of requests and difficulties caused by the complicated epidemiological situation associated with the COVID-19 pandemic, it was decided to EXTEND the deadlines for registration for participation in the “Borok-VI” Symposium until March 01, 2021. Therefore:

1. If you have ALREADY registered to participate in the Symposium – please check that your report is included in the list (available at <https://drive.google.com/file/d/1NkJPsLFLMp2W38NE6XBGXyaMIXpfaaNd/view?usp=sharing>)
2. If you have not registered yet, or have not found your report in the list at <https://drive.google.com/file/d/1NkJPsLFLMp2W38NE6XBGXyaMIXpfaaNd/view?usp=sharing> - fill out the registration form at <http://www.sevin.ru/ASholarctic/registration.html>

We remind you that the working language of the Symposium is ENGLISH.

After the completion of additional registration, during March 2021, a second information letter will be sent to all participants, which will indicate the requirements for the presentation of abstracts and their volume. DO NOT send abstracts before the date of the abstract submission, which will be indicated in the second information letter.

Take care of yourself and your loved ones!

Online registration is available at:

Registration form

Contact e-mail * (e.g. *user@host.com*)

First/Given name * (e.g. *Ivan*)

Middle name (e.g. *Fitzgerald*)

Last/Family/Surname * (e.g. *Petrov*)

Academic degree * (choose one)

Professor

Ph.D.

Student / Ph.D. student

None

Country * (e.g. *Russia*)

Address (zip/postal code, city, post address) *

(e.g. *119071, Moscow, 33 Leninskij prosp.*)

Provisory title of your presentation *

(e.g. *Alien species of the Russian Federation*)

Authors of the report (all authors, including the one submitting the report) *

(e.g. *I.F. Ivanov, J.M. Smith, P.P. Petrov*)

Section * (choose one)

- I. Spatial and temporal dynamics of biological invasions in the Holarctic (invasions in marine, freshwater or terrestrial ecosystems and paleoinvasions)
- II. Genetic and evolutionary aspects of biological invasions
- III. Consequences of alien species invasion for aboriginal species and ecosystems and human well being
- IV. Role of global climatic and anthropogenic factors in the processes of biological invasions, including new approaches and methods in research of invasions of alien species
- V. Information systems for monitoring invasion processes, including development of problem-oriented databases and mathematical modelling of the processes related to invasion of alien species

The number of young scientists (under 35) among the coauthors of the report

Was the research supported by Russian Foundation for Basic Research?
